

What happens at an Annual Health Check?

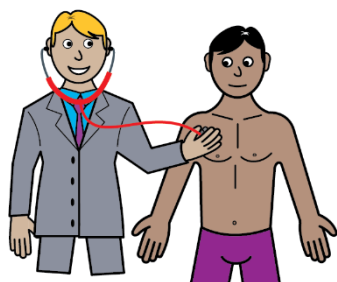

Chest examination

chest

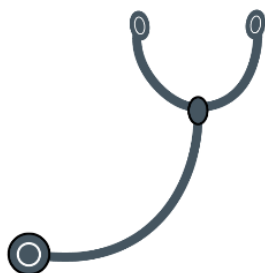

At your annual health check your doctor will ask if they can listen to your chest.

chest examination

This is called a chest examination.

stethoscope

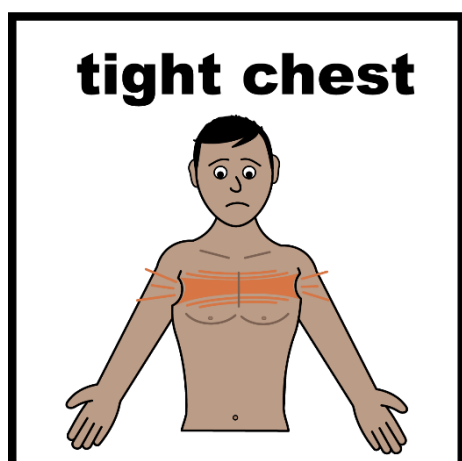

The doctor will listen to your chest using a stethoscope.

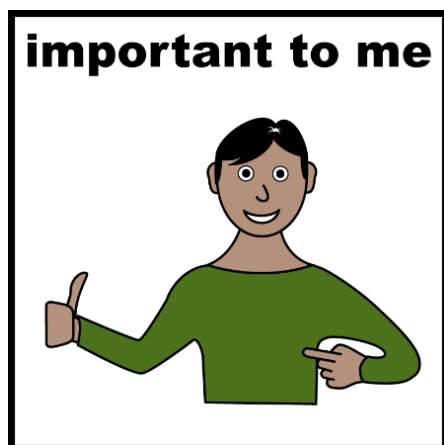

The doctor will also listen to your back using the stethoscope.

The doctor will listen to your chest to make sure your breathing sounds normal.

You should tell the doctor if you have had any discomfort in your chest.

This is a very important part of your annual health check.

Have you ever had your chest listened to?

yes	no	don't know
		
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

If you did do you know when?

How did you feel?

good	ok	bad
		
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
